## The People Living Here

- Current residents are all women
- Residents are aged 22–40
- All residents are verbal
- Some of the current residents attend local community participation programs
- Residents have their own networks, interests and activities that they pursue with the support of staff
- There are opportunities for residents to socialise and engage in special events in the house and/or in the community if they choose to
- Staff take a Person Centred Active Support (PCAS) approach to ensure residents are involved in their daily living and household activities
- There are authorised restrictive practices at this house as some residents require additional support to stay safe

## Support Available

- This house provides 24/7 support, including active night support
- Staff supporting individuals within this service have skills and competencies in:
  - Diabetes Management
  - Drug and Alcohol Abuse
  - Mental Health
  - Positive Behaviour Support
  - Trauma Informed Support
  - PCAS
- The house has a fully maintained vehicle
